Combined Annual General Shareholders' Meeting to be held on April 25, 2022
Additional information on Resolution 24 (public share
buyback offer (OPRA))

It is recalled that at the Extraordinary General Shareholders' Meeting on April 25, 2022, Vivendi's shareholders are being asked to approve the granting of an authorization to the Management Board to reduce the company's share capital by a maximum of 50% by way of a public share buyback offer (*OPRA*) targeting all shareholders, followed by the cancellation of the repurchased shares (Resolution 24).

In a letter received on April 4, 2022, the Bolloré Group informed Vivendi that if the authorization granted under this resolution or Resolution 23 adopted by the Combined Annual General Shareholders' Meeting of June 22, 2021 (also relating to the *OPRA*) were to be implemented, and if the companies of the Bolloré Group that are shareholders of Vivendi were to exceed the ownership threshold of 30% of Vivendi's share capital or voting rights, they do not intend to request an exemption from the obligation to file a public tender offer from the AMF (*Autorité des marchés financiers*) following the crossing of this threshold.

The Bolloré Group specified in its letter that such a threshold crossing would not be inevitable since the Bolloré Group companies could sell Vivendi shares, in particular, to avoid the crossing of the threshold. They could also participate in the share capital reduction by tendering their shares to the share buyback offer implemented by Vivendi. Their decision in this respect has not yet been made and will be taken at the appropriate time.
